Education

Indiana University Bloomington – Luddy School of Informatics & Computing **May 2027**

Bachelor of Science in Computer Science, AI Specialization | Minors: Business, Data Science *GPA: 3.87/4.0*

- **Honors:** IT Consultant of the Month (Nov '24), Dean's List (5x)
- **Coursework:** Data Structures, Intro to Artificial Intelligence, Principles of Machine Learning, Data Analysis & Mining
- **Involvements:** Luddy Student Ambassador | EY & Deloitte Technology Consulting Program | Kappa Theta Pi | Luddy Consulting Association

Technical Skills

Languages: Python, TypeScript, Java, C/C++, JavaScript, Swift, Ruby, SQL, HTML/CSS
AI & LLM: RAG, MCP, Agentic Coding (Cursor, Claude Code), Tool Calling, Structured Outputs, Google Gemini
Frameworks & Tools: TensorFlow, PyTorch, MLflow, React.js, Node.js, Express, Docker, AWS, Azure Databricks, Cloudflare Workers, Supabase, MongoDB, PostgreSQL, Linux/Unix
Enterprise Systems: SAP S/4HANA, SAP BTP, SAP Concur, Oracle, ServiceNow, Microsoft 365
Certifications: AWS Certified Cloud Practitioner

Work Experience

University Information Technology Services **October 2024 – Present**

IT Consultant Supervisor *Bloomington, IN*

- Track 12,000+ monthly tickets in ServiceNow dashboards to pinpoint recurring IT issues and prioritize fixes, shrinking the backlog and cutting response times 5%.
- Coach 25+ support consultants with weekly feedback and capacity-based scheduling, raising customer satisfaction 10% in 5 months.

Elanco Animal Health **May 2026 – August 2026**

IT Junior Engineer Intern *Indianapolis, IN*

- Engineered an Azure Databricks lakehouse pipeline normalizing daily SAP FX rates into a self-service dashboard and AI/BI Genie space, now in production with Finance and cutting monthly reporting from 4 hours to 12 minutes (95%).
- Prototyped an SAP Build Process Automation workflow that extracts accrual data, routes approvals, and posts to S/4HANA, cutting a 30-minute task to 3 minutes (90%) and projecting 300 hours saved yearly.

Future Wonder Co. **June 2025 – August 2025**

AI Charioteer Intern *Bloomington, IN*

- Directed a 4-person Agile team building AI-supported Python reporting software on AWS Lambda, Docker, and 3 REST APIs, with CloudWatch error monitoring; integrated GitLab, Clockify, and Slack to cut weekly reporting from 3–4 hours to 30 minutes.
- Assessed Cursor and Windsurf for code generation and testing; wrote team-wide AI coding guidelines cutting PR review time 15%.

Projects

Plyntiq | *TypeScript, React, Cloudflare Workers, D1, Drizzle, Better Auth, Vitest* **October 2026 – Present**

- Develop a full-stack platform (React, Hono, D1) where athletes log strength, conditioning, and sprint/jump tests to see if off-field training improves performance; scoped via a PRD, 4 ADRs, and a STRIDE threat model.
- Secure accounts with per-IP rate limits, CSRF checks, and cross-account isolation verified by 70+ CI integration tests; monitor failures via Cloudflare observability with logs that exclude athlete data.

SEC Filings MCP Server | *Python, MCP, Google Gemini, pytest* **August 2026 – Present**

- Develop an open-source MCP server and agentic RAG pipeline giving AI agents exact SEC XBRL figures and code-based math, since LLMs misstate financials from memory; benchmark tool-assisted vs. closed-book accuracy on FinanceBench.

Lincoln-Douglas Debate App | *React, Express, PostgreSQL, Google Gemini, Supabase* **February 2026 – July 2026**

- Built a debate tournament manager generating judge feedback and prep briefs via Gemini tool calling, with JSON-schema outputs, role-based Supabase Auth, and Gemini error tracking in Google AI Studio.

ALDI AI Team Case Competition | *Winner, BUS-K201, Indiana University* **January 2024 – May 2024**

- Placed first by auditing retail operations and proposing AI-driven changes projected to raise sales 4–8%, presented at ALDI HQ.

Leadership

Luddy School of Informatics & Computing **January 2026 – Present**

Teaching Assistant, Vibe & AI Programming *Bloomington, IN*

- Guide 30 students in an AI programming course (agentic coding, testing, RAG, MCP), taking teams to 10 shipped literacy games tested by 15 Childs Elementary first graders; recognized in IU Luddy news.

National Society of Black Engineers (NSBE) **April 2024 – May 2026**

Vice President *Bloomington, IN*

- Spearheaded fundraisers that raised conference participation 40% and retention workshops that grew the chapter 30%.
