Education

Indiana University Bloomington – Luddy School of Informatics & Computing **May 2027**

Bachelor of Science in Computer Science, AI Specialization — Minors: Business, Data Science *GPA: 3.87/4.0*

- **Honors:** IT Consultant of the Month (Nov '24), Dean's List (5x)
- **Coursework:** Data Structures, Intro to Artificial Intelligence, Principles of Machine Learning, Data Analysis & Mining
- **Involvements:** Luddy Student Ambassador — EY & Deloitte Technology Consulting Program — Kappa Theta Pi — Luddy Consulting Association

Technical Skills

Languages: Python, TypeScript, Java, C/C++, JavaScript, Swift, Ruby, SQL, HTML/CSS
AI & LLM: RAG, MCP, Agentic Coding (Cursor, Claude Code), Tool Calling, Structured Outputs, Google Gemini
Frameworks & Tools: TensorFlow, PyTorch, MLflow, React.js, Node.js, Express, Docker, AWS, Azure Databricks, Cloudflare Workers, Supabase, MongoDB, PostgreSQL, Linux/Unix
Enterprise Systems: SAP S/4HANA, SAP BTP, SAP Concur, Oracle, ServiceNow, Microsoft 365
Certifications: AWS Certified Cloud Practitioner

Work Experience

University Information Technology Services **October 2024 – Present**

IT Consultant Supervisor *Bloomington, IN*

- Monitored 12,000+ monthly support tickets through ServiceNow workflows and reporting dashboards to spot recurring campus technology issues and prioritize fixes.
- Coached and assessed 25+ technical support consultants through structured weekly feedback and capacity-based scheduling, raising customer satisfaction scores by 8% in 5 months.

Elanco Animal Health **May 2026 – August 2026**

IT Junior Engineer Intern *Indianapolis, IN*

- Built and shipped an Azure Databricks lakehouse pipeline normalizing daily SAP FX rates into a self-service dashboard and AI/BI Genie space, now in production with the Finance FX team and cutting monthly reporting from 4 hours to 20 minutes (90%).
- Prototyped an SAP Build Process Automation workflow that extracts accrual data from documents, routes approvals, and posts directly to S/4HANA, cutting a 30-minute task to 3 minutes (90%) and projecting 300 hours saved annually.

Future Wonder Co. **June 2025 – August 2025**

AI Charioteer Intern *Bloomington, IN*

- Led a 4-person development team using Agile workflows to engineer custom AI-supported reporting software in Python, deployed via AWS Lambda with Docker containerization and 3 REST APIs; integrated GitLab, Clockify, and Slack to cut reporting work from 3–4 hours to 30 minutes per week.
- Evaluated emerging AI tooling like Cursor and Windsurf for code generation, review, and unit testing; authored AI-assisted coding guidelines adopted team-wide, reducing MR/PR review time by 15%.

Projects

Plyntiq | *TypeScript, React, Cloudflare Workers, D1, Drizzle, Better Auth, Vitest* **October 2026 – Present**

- Built a full-stack athletic performance platform on Cloudflare Workers with session auth, CSRF protection, and integration-tested cross-account data isolation.

SEC Filings MCP Server | *Python, MCP, Google Gemini, pytest* **August 2026 – Present**

- Building an open-source MCP server and agentic RAG pipeline that gives AI agents exact SEC XBRL financial data, benchmarked on FinanceBench.

Lincoln-Douglas Debate App | *React, Express, PostgreSQL, Google Gemini, Supabase* **February 2026 – Present**

- Built a full-stack debate tournament manager using Gemini tool calling and structured JSON outputs to generate judge feedback and prep briefs.

ALDI AI Team Case Competition | *Winner, BUS-K201, Indiana University* **January 2024 – May 2024**

- Won the ALDI AI case competition by auditing retail operations and proposing AI-driven changes projected to raise sales 4–8%, presented at ALDI HQ.

Leadership

Luddy School of Informatics & Computing **January 2026 – Present**

Teaching Assistant, Vibe & AI Programming *Bloomington, IN*

- Supported 30 students in an AI-assisted programming course covering agentic coding, testing, RAG, and MCP, guiding teams from idea to user-tested literacy games for Childs Elementary first graders; recognized in IU Luddy news.

National Society of Black Engineers (NSBE) **April 2024 – May 2026**

Vice President *Bloomington, IN*

- Organized fundraising events that boosted chapter participation in regional and national NSBE conferences by 40%, and developed retention workshops driving 30% chapter growth.
